WHAT MY TRIP WAS LIKE...

Summer Study Program

I chose one elective to study for about 6 weeks at Auckland University. In the first half of my weeks, I went to lectures and tutorials, and completed some assigned work.

Free Time

In the other half of my weeks, I killed time by becoming a great tourist! I headed over to different islands, took part in many different experiences, and created great friendships.

BEFORE ARRIVING TO AUCKLAND, NZ...

I was so worried I won't have enough time to do the things I want to do (e.g. exploring, relaxing) because I'll have the responsibility of being accountable for my learning.

AFTER ARRIVING TO AUCKLAND, NZ...

I am so thankful to have had the opportunity to study in a different country, and experience the true meaning of study <> social life balance!

I never had a 'dull' moment; either my time was spent learning something fascinating, or exploring something new and exciting.
